## PROFESSIONAL EXPERIENCE

---

### PHP Developer

*May 2022 – Present*

Octal Philippines, Inc.

*Tomas Morato Ave, Diliman, Quezon City, Metro Manila, Philippines*

- Contributed to the Marketing Onboarding Engine, streamlining bulk email sending and optimization.
- Designed and implemented the Marketing Onboarding Enhancement (Engine & Web App) to handle dynamic status tracking and reporting.
- Built secure web components, including the Sky Cable Document Portal Webpart for subscriber attachment uploads and the Agents Module Web App.
- Developed and deployed the Skybiz Refund Webpart.
- Integrated VTiger with the SkyCRM System, improving data synchronization.
- Enhanced the Sky Cable Website (HBO section) and Sky Referral System.
- Improved internal processes with PowerApps and Power Automate, including:
  - Online Clearance Form Enhancement (expanded features and user coverage).
  - Regional Online Clearance Form (added regional users, approvers, and officials).
- Built the Customer Callout Initiative (SPFx) for the Sky Agents Module using React.js.
- Developed the Leads Portal Web App for Sky Cable.
- Migrated multiple ABS-CBN SharePoint sites (Asset Master Request, FMS Authorization, GL Master, IOCCPC, Journal Adjustment, Material Request, Purchase Request, Request for Payment, Service Request, Vendor Master Request).
- Enhanced the SOA Monitoring Project by optimizing queries, fixing data tables, and adding a reprocess function for failed SOA sends.

- Contributed to the Migration Portal System, implementing user account creation, role management, and user reporting.

### **Web Developer**

***December 2020 – May 2022***

Drainwiz

*Echaves St, Dipolog City, Zamboanga del Norte, Philippines*

- Designed and developed a Restaurant Management System to streamline ordering, inventory, and reporting processes.
- Managed and maintained Hostinger servers and multiple websites, performing regular backups, updates, and troubleshooting to ensure uptime and security.
- Provided technical support and training to staff and clients on system usage and best practices.

### **Full Stack Developer**

***February 2020 – June 2020***

GOLOG Malaysia

*Jalan Industri Mas 14, Taman Mas, 47100 Puchong, Selangor, Malaysia*

- Developed a Twitter Autoposting Web App (Japan) for posting game mechanics and automatically calculating winners via retweets, implementing a custom algorithm with optimized data structures to handle large datasets efficiently.
- Contributed to the development of a Cinema Seat Booking Project.
- Built a Web Scraper for cinema movie listings to support the seat booking system.
- Assisted in staging and production deployments to ensure smooth rollouts.

### **Administrative Aide I**

***September 2018 – February 2020***
